

GLOBAL LIFE CHANGERS SCHOOL OF LEADERSHIP, ENTREPRENEURSHIP AND PUBLIC SPEAKING (SLEPS)

The School of Leadership, Entrepreneurship and Public Speaking is one of the initiatives of Global Life Changers, an international human capacity building organization, aimed at training, inspiring, equipping and empowering the new generation of Professionals, Entrepreneurs and Leaders with practical knowledge and skills to solve real life challenges and problems that confront our society today.

Our school curriculum is basically centered on building, consolidating and promoting the individual's Self-worth, Self-concept, Self-image and Self-esteem. These we believe, constitute the foundation upon which personal purpose and potentials are discovered and maximized for the fulfilment of destiny.

In this regard, our graduates finish the training with a clear sense of direction as to what specifically they were born to do and are thus supported to pursue their life vision and purpose with a strong winning mentality.

Our graduates are trained and mentored by renowned consultants, experts, well-seasoned and distinguished professionals, both local and international. So, our methods of training are more of mentorship, coaching practical workable principles, sharing of best practices and experiences by topnotch business tycoons and captains of industries.

Our focus is on building the new generation of entrepreneurs, business men and women with the capacity to **Communicate effectively, influence and Lead with Confidence, Competence, Character, Connection and Care.**

We also provide the opportunity for networking, connecting our graduates automatically to our global network of experts and consultants who will continue to provide them with free mentorship and career guidance support throughout their career/profession.

WHY THE NEED FOR THIS TRAINING SCHOOL AND WHY YOU SHOULD GET ENROLLED?

LEADERSHIP

We lead individuals to discover, activate and develop their leadership potentials so that they can affect and effect positive change in their environment. We do this, taking cognizance of the fact that leadership is cause and everything else is an effect. What our training does is to wake up the dormant giant in you, so you can lead with the Lion or Eagle mentality and thus become the true leader you have always been in your gifted area of life. This is critically important because our generation needs you to come out and come up to take up your position. You have something that humanity needs. Ghana and Africa need the giant in you to come alive, we're currently living in such times of serious global leadership deficit / crisis, true leaders are getting extinct and so, we need you and you need us.

ENTREPRENEURSHIP

We enlighten and embolden your entrepreneurial spirit to be able to identify the problems or crisis or challenges within your environment and how you can solve, by turning them into big time business opportunities for yourself and others. Our training empowers you with the skills and strategies regarding how to start, grow, develop and sustain your business. How you can translate those brilliant business ideas of yours into powerful business plans, proposals and eventually into money, how to set goals and achieve them, thus helping you to turn your dreams and vision into reality. Our experts and consultants will also practically walk you through how to make, manage and multiply your money. This School will thus challenge your power of creativity and innovation through this course, pushing and encouraging you to be job creators rather than job seekers, problem solvers rather than problem makers, producers rather than consumers and active participants of life, rather than passive spectators. So, we need you and you need us.

Note, no student finishes our School without being supported, encouraged empowered to start his/her own business project, at least one or two, because we've noticed that Business / Entrepreneurship is one of the key paths to wealth creation and employment generation, and thus the most potent poverty reduction strategy.

Public Speaking

Nothing is more frustrating than a manager loaded with life-transforming ideas that he cannot express, or a CEO pregnant with a game-changing decision that he cannot communicate, or a leader with a vision that he cannot sell to get the buy in of his followers, or a captain with powerful goals that he cannot articulate.

Do you lack the confidence to speak or express yourself in public or at meetings?

Are you easily overtaken by fears the moment you're called upon to address an audience? Or are you easily overtaken by stage fright, incapable of speaking on your feet? Not able to influence others by your speech? then, the School of Leadership, Entrepreneurship and Public Speaking is your place.

Are you a CEO, Leader, Manager, Director, Teacher, Nurse / Doctor, Farmer, Businessman/ woman, Politician, Pastor / Priest/Preacher, Student, Lawyer, Marketer, Salesman/woman, Journalist, Media person, Security Officer, Chief, Queen Mother, Assembly Member, Secretary/Receptionist, Customer Service Executive who want to improve upon your communication and public speaking skills and thus become more efficient and productive on your job? Please enroll with us and we shall lead you from our rich professional experience to your unbeatable success.

We train, mentor and coach communicators and public speakers in this School. So, we need you and you need us.

COURSE DURATION

This is a professional development programme that prepares and equips the individual for the world of work and business, as such, students will have an intensive face to face interaction with our team of consultants twice a month (preferably during weekends and public holidays) for six months, after which they would be awarded with an Executive Professional Development Certificate on Leadership, Entrepreneurship and Public Speaking and thus ushered into the world to continue applying what they learn.

Each training session will start at 8:00 am and end at 5:00pm with lunch and two snack breaks, one in the morning and the other after lunch.
